

Game Day Central

Description of the Topic:

'Game Day Central' is a website designed for sports enthusiasts to keep track of their favorite teams, players, and games. The platform will provide up-to-date information on various sports, including football, basketball, soccer, and baseball. Users will be able to view live scores, upcoming fixtures, and detailed statistics about teams and players. The site will also include a 'Fan Zone' for discussions and polls about current events in the sports world. An 'About Us' page will explain the mission of Game Day Central, which is to bring fans closer to the action and keep them informed about the latest developments in their favorite sports.

Page Names:

1. Home - The main page displaying live scores and top sports headlines.
2. About Us - A page describing the website's purpose and the team behind it.
3. Teams & Players - A detailed directory of teams and players, along with their stats and profiles.
4. Fixtures - A calendar of upcoming games across different sports.
5. Fan Zone - A page for users to participate in polls, discussions, and share opinions.

Data to Be Stored, Manipulated, and Viewed:

1. Live Scores:

- Fields: Match ID, sport type, teams playing, current score, time remaining, and match status (live/completed/upcoming).
- Use: Display live scores and results on the homepage and fixtures page.

2. Team and Player Profiles:

- Fields: Team name, team logo, player names, player stats (games played, goals, assists, etc.), and team rankings.

- Use: Display detailed profiles and statistics in the 'Teams & Players' section.

3. Fixture Calendar:

- Fields: Match ID, sport type, teams playing, date, time, and venue.
- Use: Show upcoming games and allow users to sort by sport or team.

4. Fan Submissions:

- Fields: User name, poll answers, discussion comments, and suggestions.
- Use: Enable fan interaction and engagement in the 'Fan Zone.'

5. News Headlines:

- Fields: Headline title, description, sport type, and publication date.
- Use: Provide relevant sports news updates on the homepage.
